About Theory

Imagine walking among the ancient quarries, where time left its permanent mark on majestic stones. Every step unveils a perfect story, carved through the different layers of the rock itself: a history of unrivalled resistance, resilience and beauty. This is the essence we tried to capture and bring into life with the 3 colors of Theory range. With its natural, anti-slip surface and the exceptional durability, this range is the ideal choice both for residential and commercial areas, where elegance coexist with functionality.
